Elba High Faces Accreditation Loss
NEW BROCKTON ALSO ON LIST FOR PROBATION
Elba High School and New Brockton High are among more than 100 high schools in Alabama which face loss of accreditation unless they correct specified shortcomings before next year.

A. R. Meadows, superintendent of education for Alabama, sent letters to 95 white and 12 negro schools this week which placed them virtually on probation for the rest of this year.

Graduates of accredited high schools are now accepted automatically as college students in state colleges and are exempt from state college entrance examinations if they finish un-accredited schools.

Lists Shortcomings
S. J. Casey, Superintendent of city schools, said the shortcomings at Elba High are primarily too many students per teacher in some classes and lack of library and science facilities.

Two other schools in this area were included in the list announced by Superintendent Meadows. They are Atton High and Coffee County Training School for colored children, at Enterprise.

W. M. Patton, principal of the Elba Colored High School, said he is unable to understand why his school was not included because it also suffers from too many students per teacher and inadequate facilities.

Two hundred and 46 white high schools in Alabama, including Elba High, have already failed to meet the standards for accreditation by the Southern regional accrediting agency, and loss of accreditation by the state would place these schools still further under downgrade.

Up to People
Alabama has just finished her year with an average per capita income estimated at over \$3,000 per individual compared to \$268 in 1940, but expenditures for education are not five times as great as in 1940. Mr. Meadows said.

"What a state thinks of its children is reflected in the kind of schools it provides for them," said Mr. Meadows.

City School Superintendent S. J. Casey said this is also true in Elba. Standards could be met with sufficient funds, he said.

ONLY ONE DAY LEFT TO FILE SECURITY FORM
Employers of household workers must file a return for the October through December 1957 quarter on or before January 31, 1958. Cecil Brown, District Director, Internal Revenue for the Dothan District, reminded them today.

At the same time, Harry Scott, district manager of the Dothan social security office, pointed out that this obligation to file a return applies to every household employer who paid \$50 or more in cash wages to a cook, maid, laundress, or any other household employee during the calendar quarter. Returns must be filed after the close of each calendar quarter and are due April 30, July 31, October 31 and January 31 of every year.

Most household employers will make their reports on Form 942. This is a special simplified form printed on the back of a return envelope. If you are a household employer who has not yet filed a return, list of the District Director of Internal Revenue, one of these forms was mailed to you before the end of December. If social security taxes are due from a household employer who is not now on the mailing list, the employer should ask the District Director for the form and send it to the mailing list address to be added to the mailing list before the next quarterly return is due.

COUNTY BOARD ACTS ON BRIDGE AND ROAD WORK
Road and bridge improvements in Coffee County were advanced at a meeting of the Board of County Commissioners at a meeting in Elba Monday.

A delegation from the Basin County appeared before the board with regard to improvement of the road from the Basin County line to the Elba line, owned by J. T. Pearce, Emmitt Ballard and the Basin heirs for highway improvement, and County Engineer H. L. Langley was asked to submit plans for three bridges on this road and also two bridges on the LeCompt Road.

Probate Judge J. O. English was authorized to borrow \$20,000 for use in purchase of land necessary for a right-of-way on the Metcalf Road.

The board voted to condemn land owned by Lewis Stone on the Goodson Road for highway improvements; Commissioner Whitman was authorized to enter into an agreement with the L&N Railroad for building a highway crossing at Kingston. Bids were asked on gutter pipe sizes 15 through 64; repair of an HD11 bulldozer was ordered.

Present were Judge English, and Commissioners Bowden, Brown, Whitman and Tindol.

SCHOOL FOR HOG GROWERS TO BE HELD TUESDAY
G. B. Phillips of Auburn will be in Coffee County for the Coffee County hog growers next Tuesday, Feb. 4.

Phillips, who says a hog grower's goal should be to sell 15 top hogs per sow each year, will show in detail how to manage a four sow hog program. At the county-wide meeting the county-wide meeting in industry special will discuss breeding, feeding, equipment, disease prevention, carcass quality, and other features of hog management.

According to County Agent J. R. Speed, Phillips will use color slides and charts to contrast proper hog management with poor management.

Speed said he expects the session, scheduled at the Elba Theatre Tuesday at 10 a. m., to be attended by approximately 100 hog producers.

The Enterprise meeting is scheduled for 7:30 p. m. at City Hall. All farmers and business men who are interested in a better hog program for Coffee County are urged to attend the meeting most convenient.

ENTERERS RACE
Drexel Cook (above), of Elba, announced his candidacy for the post of representative to the State Legislature to succeed Bill Stokes who has announced he will not be a candidate to succeed himself.

Mr. Cook is associated with Moulton Engineering Corp., of Mobile, with his home in Elba. He was born and reared in Coffee County and except for time spent in the U. S. Navy during World War II he has lived all his life here. He is married to the former Miss Nel Young of Elba. They have two children.

Mr. Cook said that his decision to run for the legislature has not been a hasty one, "but a thing I have been considering for some time."

He said that he would let the public know of his stand on many issues as the campaign develops.

He has worked on both sides of the Coffee County for 13 years. He served as assistant revenue collector for the state of Alabama for over a year. Alabama has worked for the past three years in cooperation with the State Industrial Development Board.

12 CANDIDATES FOR GOVERNOR NOW IN RACE
The field of official candidates for governor was brought to twelve this week when Attorney General John Patterson and John C. Ginn, retired Navy Admiral, qualified in Montgomery.

Qualifying earlier were Laurie Battle, Jack Owen, George Wallace, Karl Harrison, A. W. Todd, Ralph "Sonny" Price, Winston Gaudin, the Rev. Billy Walker, Sherman Elcham, and W. E. Dodd.

Jimmy Faulkner of Bay Minette is a certain candidate though not yet qualified. Three others apparently on the verge of entering the race are Governor Harkins of Caddo, Sam L. Chesnut of McIntosh and former Congressman Joe Starnes of Gunterville.

That would bring the field of candidates to 16, a record high in Alabama political history for governor's race.

Group in Charge
Persons interested in volunteer service have been asked to contact D. M. English at NASCO, or Mrs. Ebert, or a member of the Coffee County Pensions and Security Board, who are Mrs. L. L. Farris, Mrs. J. A. Huey, Johnnie B. Maddox, Fountain Lee, Bob Perry, Curtis Wilkes and George Prestwood.

Contract for operating the new plan of operations was awarded by the Board of Supervisors to National Security Insurance Co., a affiliate of NASCO, when it submitted the lowest of three bids to furnish a truck, supervisor, clerk and reports for \$322 per month.

Montgomery—Revisions in Federal income and inheritance tax laws to provide more equitable treatment for the nation's farm families have been proposed in Congress by the American Farm Bureau Federation.

EXPANDED SOIL BANK OUTLAYS ASKED AT MEET
Additional funds for the soil bank were requested in a resolution adopted at a meeting of more than 500 farmers at New Brockton Tuesday night.

"We, the farmers, have undergone a farm disaster for 1957 and now, under the present program, our government is preventing the farmers in this area from knowing what they can do in 1958 by not giving our local authorities sufficient funds as promised in the beginning of 1958 in the soil bank program."

"We feel, as a group of American farmers, we have been drastically ignored by this delay in time and funds. We request your earnest support in making these funds available. We further request an adjustment to the present day living conditions which are out of line with production costs. We also request adequate acres to fit these parity prices."

HELP IS ASKED TO DISTRIBUTE FOOD TO NEEDY
Volunteers to help in the distribution of food to needy families through the surplus commodity program are being sought by the Coffee County Department of Pensions and Security, of which Mrs. Grace M. Ebert is Director.

A new plan of operations will be started March 1, this year, as a result of action by the Coffee County Commissioners Court Monday. At that time D. M. English became full-time commissioner.

Applications for food from all parts of the county may be made at the NASCO offices, Elba, Monday through Friday.

Seeks Volunteers
The Department of Pensions and Security hopes to get volunteer workers in each of the four townships in the Coffee County with the suggestion that club groups in each town would furnish a truck and personnel to load it once each month, and a building from which the commodities can be distributed.

Persons interested in volunteer service have been asked to contact D. M. English at NASCO, or Mrs. Ebert, or a member of the Coffee County Pensions and Security Board, who are Mrs. L. L. Farris, Mrs. J. A. Huey, Johnnie B. Maddox, Fountain Lee, Bob Perry, Curtis Wilkes and George Prestwood.

COFFEE COUNTY STILL SHORT OF TB DRIVE GOAL
Coffee County is short of its goal in the 1957 Christmas Seal sale with 48 per cent of the total raised so far, said John F. Burton, chairman.

Coffee County has raised \$1,683.35 with a goal of \$3,414.90. Mr. Burton said, and is second only to Dale county in the percentage of goal raised so far.

"If you have not already paid, we ask that you turn in your donation at once and help us go over the top. We need your help," Mr. Burton said.

"During 1958, Alabama will have a great deal about TB, periodic chest x-rays, new methods of prevention and new techniques in cure investigation and used. Yet this is the only time you are asked to help yourself and your fellow man in that fight. That's why the campaign against this killer must be supported now."

The Board of County Commissioners, at a meeting this week, asked County Attorney J. C. Fleming for a legal opinion on whether the board has a right to permit the erection of parking meters on county property.
